Mr. Phillip Murray
Jackson Street
Washington, D.C.

Dear Mr. Murray:

The C.I.O. is the most outstanding organization in its field. Your problem of mass education leads me to believe my qualifications will merit your consideration.

I have graduated from New York University with a Bachelor of Science Degree in Advertising. I am single, 26 years of age, and possess a pleasing personality.

In addition to a comprehensive knowledge of psychology, I have a working knowledge of the principles of publicity. I am confident that I am qualified to help make all people think in terms of the C.I.O. and its objectives.

At school I served on the Debating Team with honor and I won the first prize in the essay contest sponsored by the American Legion on, "America." I am a member of Triad, the Advertising Club, and the Sales Club. On the attached sheet is my photograph.

I was sent to Kutztown College by the Air Corps. During the war I flew around the world. I have lived in every country in free Europe as a civilian so I have a picture of world labor conditions.

I have chosen your organization, particularly, as one for which I should like to work, for I know its reputation and I feel sure, that I can perform with distinction the tasks that present themselves. May I have the opportunity of seeing you personally? Then you may better judge my fitness to live up to your high requirements.

Yours truly,

Albert Christopher
