Catholic University of America
Washington, D. C.

November 5, 1918.

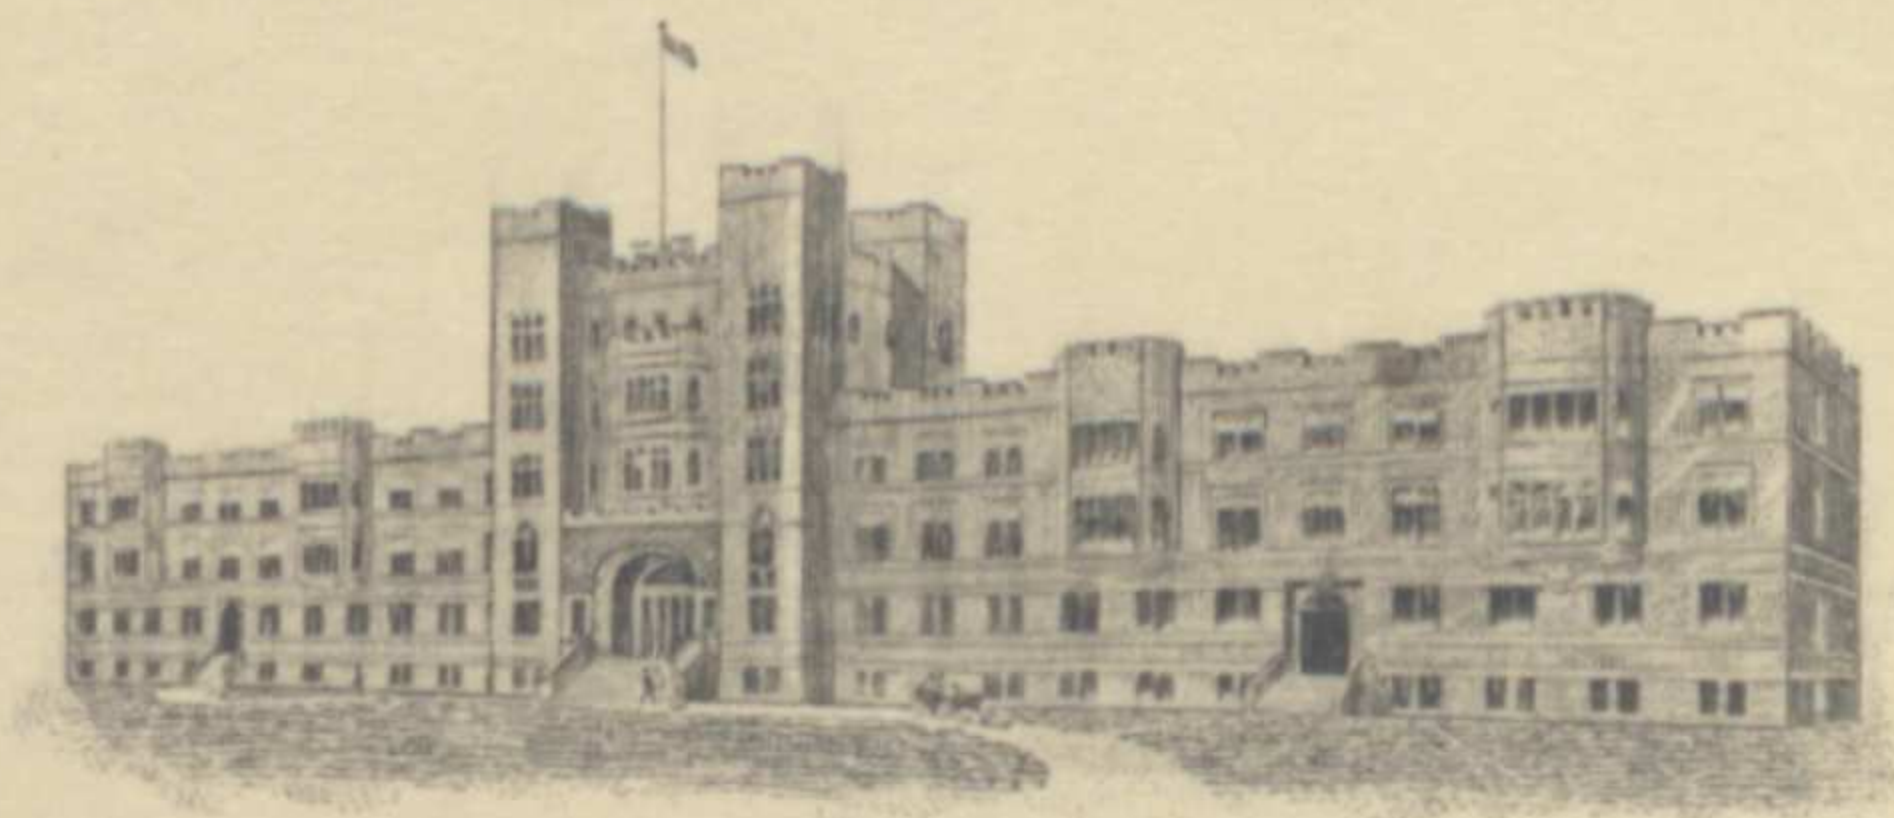

Reverend Doctor Pace,
Catholic University of America,
Washington, D. C.

Dear Reverend Doctor:

Before enlisting in this Students' Army Training Corps I was practicing accountancy in the firm of Benjamin F. Townshend, Inc., Public Accountants, of Fort Fairfield and Portland, Maine.

As I am over twenty years of age, all my studies are prescribed.

Would it be possible for me to study accountancy as an extra? I feel confident that my other studies will not suffer under the circumstances. On Tuesdays and Thursdays at 9:45 A. M., I have no recitations, these periods being the time for the Accountancy recitations. On Saturday at this period I have a recitation in Ethics.

CARDINAL GIBBONS MEMORIAL HALL

Catholic University of America
Washington, D. C.

Your kind attention to my request will
be greatly appreciated.

Respectfully yours,

Priv. James Peter McKinnon,
Company B.

The Catholic University of America

11-5-18.

Very Reverend C. J. Pace
Director of Studies.

Confirming my interview with you on the evening of Nov. 4. I desire to change my course from Engineering to Infantry. I am twenty years of age, and feel that inasmuch as I will be here only two months I will not get enough out of this course to pay me for the instruments and books that I buy.

My father is of very moderate means and I should not like to incur this expense upon him.

Put. Frank R. Hallisey desires, if it is possible, to change his course from Infantry to Quartermaster course in order to get some practical knowledge of business subjects. Especially accounting.

Very Reverend and Dear Dr. Pace,

I desire to make application to change my course from the Infantry to the Quartermaster's.

Having had two years experience in a broker's office, I wished to further my chances for success by taking a course in some Business College or University, therefore I applied for admission to the business course here and was accepted.

Upon hearing that I could remain here but three months I decided to take Infantry but was later advised by my Company Commander to follow out my original intentions, for although I will have but three months training, it will be a start in the right direction.

Hoping the above reasons are sufficient to permit me to change my course, I am,

Sincerely yours
John A. Gleason
Company C.

Very Reverend and Dear Mr. Pace:-

I hereby
make application to you, in order that
I may have my course changed from
"Infantry" to "Quartermasters Course".

Having had considerable experience
in commercial work, I think it would
stand me better, in time to come, to
be enlightened with some "accounting".
I am twenty years of age, and as I have
been informed, I am to remain at school
for three months only. I feel I could
not benefit myself very much, in taking
the studies prescribed in the Course of "Infantry".

Hoping to hear from you, in re-
gards to this matter.

I am

Sincerely yours
Joseph Edward O'Brien

Rev. Dr. Kirby.

Dear father:

Due to a misunderstanding upon my part I have taken up an engineering course instead of the infantry course, I desired.

This misunderstanding was not due to my own carelessness or neglect.

If it be possible I would like to be transferred to the infantry

Course as soon as possible.

Yours sincerely

Robert V. Sinnott.

O.K.

To Whom it May Concern

I wish to change my course from Artillery to Infantry. That is to substitute some other study such as Sanitation & Hyg. etc for Map-Reading & Navigation. The reason for this change is that I have not had the subjects required to take up this study and I have also been notified that it will cost a great deal for instruments required in the subject. I wish to state that I have not the required means therefore I would be very thankful if you would effect this change as it would greatly aid me in the successful pursuance of my course.

Hoping that you will accede to my wishes. I am

Nov. 2nd.

Dr Pace:-

On my schedule I was
booked up for Business
Management, Accounting,
Military Law, War Issues,
and Mechanical Drawing.

This Mechanical Drawing
doesn't go very good with my
course - and in place of
Business Management Dr
O'Hara is teaching Economics
for a short time. Thus my
course would require Economics
and I would like to
take that in place of
Mechanical Drawing. That
would make my studies
Economics, Business Management,
Accounting, Military Law
and war issues. If possible
I would like to add psychology.
Respectfully yours
Thomas Collins.

Nov 2, 1918

To: Rev. Mr. Race,

Dear Sir,

I would desire to change
my course from infantry to a
course of chemical engineering.
I think in changing to the
chemical engineering that when
my course is completed I would
better serve my country in that
capacity, than that of
infantry.

I have had three

years of chemistry and training
in that line, and feel as if
I could do much better in that
line than in infantry.

Hoping that you
shall act favorably upon
my application of transfer,
I am

Most respectfully,

Private Patrick Roche,
Co. A.

My Dear Doctor Pace;

As I was in the hospital when the Coarses were given out, I didn't know about the Motor Transit and Truck Service. However after learning about the service I would like very much to transfer from Chemical Engineering to the Motor Service.

Very respectfully

John A. Geraghty

To Dr. Pace, Director of Studies.

Subject: Transfer of Course of Study from
Infantry to Motor Transit.

I hereby make application to change
my course from Infantry to Motor Transit
my reasons for the change is the fact that
I think I could do better work and
the work would be more congenial
The course in Surveying & Map Making
especially would be hard for me, because
I have no taste for that sort of work.

Respectfully

John H. Griffin.

November 4, 1918.

Dear Sir: —

I am taking the Quarter-master Service course and instead of taking English I would prefer to take Business Administration, because inasmuch as I am taking a regular business course it will make my course more complete. It does not interfere in any way with my present course because at that time I have no class.

Very respectfully yours,
John Fendall Coughlan

November 3, 1918.

The Very Reverend and Dear Doctor Pace,

I would like to change my course of study from the Quatermaster to "The Motor Transport," for following reasons;

1. I am not experienced in clerical work, which does not appeal to me.

2: I have had experience with Motors and their mechanism, and like this work very much.

Hoping this receives your most favorable reply.

Yours Respectfully,

Joseph E. Tierney.

Nov 4, '18

Rev. Dr. Pace —

I am writing this letter for the purpose of changing my course of studies. I am at present assigned to the Air Service but wish to change to the Infantry branch. I give the following reasons for same. I am better qualified, by my high school education to pursue the studies of the Infantry branch than those of the Air Service. In fact I think it would be almost impossible for me to study navigation to any advantage, as I have but one term of study at the University, I believe that my opportunity is in the Infantry Branch.

Hoping to receive a favorable reply to my request as soon as possible I am.

Harry S. Gallagher
